

On-day workshop On Quantum Information

**6 October 2009, Université Libre de Bruxelles
Campus Solbosch, UA3. 219**

Organized by :

- Université Libre de Bruxelles
- Vrije Universiteit Brussel

Sponsored by :

- Project CRYTASC (<http://cryptasc.vub.ac.be>) funded by the government of the Brussels Capital Region via IRSIB, Institute for the encouragement of Scientific Research and Innovation of Brussels

The scope of this scientific meeting is to gather specialists from Belgium in order to strengthen potential links and collaborations at the national level, in the field of Quantum Information Theory and related subjects (Foundations of Quantum Mechanics, Quantum Optics, Classical Cryptography and Information Theory and so on).

Local speakers will present the activities within the project CRYPTASC but we would be pleased to listen to our guests.

We hope you will enjoy the program and the opportunity to spend time with colleagues working in similar domains.

Sincerely,

CRYPTASC workshop organizers
